17. The primary purpose and object of the Scheme, as submitted by the Applicant Companies, is the consolidation of the NBFC Business (defined in the scheme) activities of the Applicant Companies under a single entity.

18. The rationale and benefits of this scheme, as stated in the same, are as follows:

“3.1 SCL and SFL are NBFC-ICC registered with RBI. SCL is a company with its equity shares listed on the Stock Exchanges and SFL is a wholly owned subsidiary of SCL.

3.2 SCL was formerly registered with the National Housing Bank to operate as a non-deposit taking Housing Finance Company ("HFC"). pursuant to a certificate of registration dated December 28, 2005 bearing registration number 02.0063.05, however this license was later surrendered. Subsequently, in terms of the resolution passed by the shareholders of SCL on September 25, 2023 and an application filed by the Company to RBI for conversion to a non-banking financial company without accepting public deposits ("NBFC-ICC") from an HFC, the Company was granted a certificate of registration ("CoR") dated June 28, 2024, bearing registration number N-14.03624, as an NBFC-ICC by RBI in accordance with Section 451A of Reserve Bank of India Act, 1934. While issuing the CoR, RBI directed SCL to ensure that no other entity in the group shall hold CoR as an NBFC-ICC/HFC within the prescribed timeline. In order to comply with the said directions by RBI, the proposed demerger will transfer the NBFC Business (as defined hereinafter) of the Demerged Company to the Resulting Company, on a going concern basis pursuant to the present Scheme (as defined hereinafter).”

3.3 Further, the following benefits are expected to accrue on demerger of the NBFC Business from the Demerged Company to the Resulting Company:

- i. Entire NBFC Business activities of SCL and SFL shall be consolidated into a single entity, with a wider and stronger capital and asset base, having greater capacity for conducting its operations more efficiently and competitively;*

- ii. *The Companies (as defined hereinafter) have significant complementarities and synergies, and the consolidation of the NBFC businesses carried on by them is strategic in nature and will lead to efficient business management, synergies in business operations, offering of a more diversified suite of products and services through a unified platform and enhanced scalability of operations, thereby increasing stakeholders' value;*
- iii. *The Companies have a proven track record in the respective businesses of credit, and consolidating those will lead to pooling of resources, knowledge and expertise, and integration of client relationships;*
- iv. *The demerger would help in meeting the long-term objectives of the group of simplifying the existing corporate and organizational structure, improve operational and management efficiencies, streamline business operations and decision-making processes, and also enable greater economies of scale;*
- v. *The consolidation of the NBFC Business of SFL with SCL will ensure alignment with the applicable regulatory framework, ease of compliance with the applicable regulatory framework, reduced administrative burden, rationalisation of costs, and strengthening of overall risk management architecture;*
- vi. *It will also allow each Company to benefit from enhanced management focus, more efficient deployment of resources, operational efficiencies, and targeted strategic direction. SCL will be able to optimise its capital allocation towards lending, provisioning and regulatory buffers, while SFL will deploy its resources towards product development, platform enhancement and digital innovation. The clear demarcation of the business verticals is expected to improve*

transparency for stakeholders, including shareholders, lenders, rating agencies and regulators;

- vii. This restructuring will also strengthen SCL's NBFC platform by consolidating assets, liabilities, infrastructure and processes related to the lending business into a single entity, thereby improving scalability, funding access and long-term credit growth. At the same time, SFL's independent fintech structure will facilitate greater agility in adopting emerging technologies and expanding digital offerings;*
- viii. SFL is contemplating entering into a new industry, namely the insurance broking and insurtech business, which is strategically distinct from its existing NBFC operations. In order to successfully establish and scale this new line of business, SFL proposes to create a focused management and operational structure dedicated exclusively to the insurance broking and insurtech segment. The insurance broking and insurtech sector present significant growth opportunities, driven by the following factors:
 - a. strong and sustained growth across the insurance industry,*
 - b. increased dependency on the insurance broking channel,*
 - c. digital disruption enabling scalability, efficiency, and wider market reach,*
 - d. favorable regulatory reforms supporting industry expansion, and*
 - e. rising investor interest and overall market growth;**
- ix. Overall, the restructuring will result in a simpler organisational structure, improved governance, enhanced operational clarity and long-term value creation for all stakeholders by enabling both SFL and SCL to pursue their respective growth strategies independently and efficiently.*

3.4 In furtherance of the aforesaid, this Scheme provides for the transfer by way of a demerger of the Demerged Undertaking (as defined

hereinafter) from the Demerged Company to the Resulting Company and various other matters consequential or integrally connected therewith, pursuant to Sections 230 to 232 and other applicable provisions of the Act in the manner provided for in this Scheme and in compliance with the provisions of the SEBI Scheme Circular - Equity (as defined hereinafter), SEBI Scheme Circular Debt (as defined hereinafter), and the IT Act (as defined hereinafter), including Section 2(1944) thereof.”
